## WHAT WE DO

Your NDSBL team is a collaborative of Regional Education Associations (the NES, SEEC, and CREA), supported by the ND DPI, who believe in equitable resources and learning opportunities for students and educators across ND. We are passionate about high-quality curriculum, instruction, and assessment practices that help educators understand and meet their students' needs and engage their students and stakeholders in the learning process.

## WHO WE DO IT FOR

**Educators:** Focused instructional time, clear learning progressions, & aligned curricula, instruction & assessments

**Students:** Clear learning progressions, ownership of the learning, & actionable feedback

**Stakeholders:** Refined communications of learning expectations and grading/reporting of K-12 content standards

## HOW WE DO IT

Developing a guaranteed and viable curriculum is a big lift for any school district! We want to support you with the foundational knowledge, skills and resources common to most schools so that you can get started and can focus your local resources on more customized classroom supports throughout your implementation journey. We also want to work with, learn from, and provide continued support to those schools well into their standards-based learning plan.
